

NEW PRODUCTS AT REDNECK SAME GREAT SERVICE

UNDERCOVER LIGHTS. GET MORE LIGHT WHERE YOU NEED IT, WHEN YOU NEED IT.

Undercover Lights are a line of simple-to-install and simple-to-use LED lighting offering options specifically designed for applications where more light makes your life easier. Redneck offers light kits for truck beds, trailers, and box trucks.

The kits are powered by battery pack, AC adapter or a direct 12v source. All kits use very little power while providing more than enough light to get your job done. All of the super-bright LED strips can be attached with 3M adhesive for easy no-drill installation.
