

**FOR IMMEDIATE RELEASE**

## **REDNECK TRAILER SUPPLIES ANNOUNCES VALCRUM OIL CAPS OFFERING**

**Springfield, Missouri** (March 29, 2021) Redneck Trailer Supplies is excited to offer Valcrum Universal Oil Caps.

Valcrum, LLC is an emerging aluminum oil cap manufacturer that started out to simply fulfill an industry need and provide a fix to the frustration of continuous maintenance caused by Lexan oil caps.

Valcrum's highly durable aluminum oil cap is the solution to ensure trailers with longer, safer travels by decreasing unexpected maintenance and service costs. Backed by a 5-year limited warranty, Valcrum's oil caps have many great features and benefits, such as:

- Universal oil cap fits popular brands: Dexter, AL-KO, Hayes, Rockwell, Kodiak & Lippert.
- Highly durable aluminum resists damage avoiding road failure and downtime.
- Magnetic vent plug proactively removes debris, extending the life of your axle.
- Fill/Drain port allows for easy access, accurate filling and mess-free time savings.
- Designed for both oil and grease applications.

"We are excited to be able to offer this aftermarket upgrade to the Lexan oil cap" says Ben Giddens, Director of Merchandising at Redneck Trailer Supplies, "For the 1<sup>st</sup> time, light and medium duty axles will have a cap once only found on heavy duty axles. This high-performance product represents a strong sales opportunity for our customers as a replacement due to failure or as a preventative maintenance measure."

Valcrum Oil Caps are in stock and now available at all 20 Redneck Trailer Supplies locations with trained team members ready to answer questions and take orders.

For more information on the Valcrum Oil Cap offering through Redneck Trailer Supplies, call 1-877-9REDNECK or go to [www.redneck-trailer.com](http://www.redneck-trailer.com).
